SPORTS EQUITY MONITORING

Sport can and does play a major role in promoting the inclusion of all groups in society. However, inequalities have traditionally existed within sport, particularly in relation to gender, race and disability. By monitoring the profile of young people in sports clubs, national governing bodies of sport and Sport England can identify any issues relating to under-representation of different groups and can together develop strategies to ensure that all young people have the opportunity in the future to develop and progress in sport.
